

The **Bachelor of Science** in

Secondary Education, with an Emphasis in Social Studies

Helps students understand current and historical events.

High school social studies teachers guide students through complex subject matter to help them understand their place in history, their community, the nation and the world. Social studies is where students learn to put current events into context and understand the world around them. As a social studies teacher, you can inspire students to think critically about their world. You'll have an opportunity to teach them how government functions and how to research the facts to support their ideas.

The Bachelor of Science in Secondary Education, with an Emphasis in Social Studies

The BS in Secondary Education, with an emphasis in Social Studies, prepares students to teach in secondary school settings, grades 9-12. This program requires the selection and completion of required coursework in social studies and includes field and practicum experiences in high school settings, culminating in Missouri teacher certification.

Much of the discipline-specific coursework parallels the BA degree in History or the BA or BS degrees in Economics; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification.

Upon completion of the program, graduates will be able to improve and enhance student learning outcomes; integrate technology to create meaningful student learning; create authentic and deep learning experiences; use learning science principles to design, implement, and evaluate curriculum; foster effective working relationships; design and establish a safe, inclusive, and respectful learning environment; and use equitable frameworks and inclusive practices to create a variety of instructional and assessment opportunities adapted to diverse learners to encourage all students' critical thinking, problem solving and performance skills.

Fully accredited.

The Bachelor of Science in Secondary Education at UMSL is earned through our fully accredited College of Education which provides Missouri Department of Elementary and Secondary Education certifications. Additionally, our counseling programs are accredited by the Council for Accreditation of Counseling and Related Educational Programs and our school psychology program is accredited by the National Association for School Psychology.

Preparing for an ever-changing world.

The College of Education offers a variety of programs that lead to exciting and rewarding career opportunities. Our faculty, staff and community partners are committed to providing experiences to build the knowledge and skills needed for individuals to be successful in multiple educational settings and occupations. These careers include teachers, principals, and district superintendents; teachers and administrators for informal education organizations like museums, zoos and nature centers; counselors and mental health professionals for schools, hospitals, corporate employee assistance programs, clinics and private settings; and postsecondary leaders and instructors for community colleges, career technical schools, and four-year colleges and universities.

The college hosts many centers and initiatives that enhance student experiences in our programs and work with more than 36 different public, private and charter schools throughout the region. We also sponsor eight charter schools.

Serious education. Serious value.

The BS in Secondary Education is designed to provide specialized knowledge, skills and training in a flexible format. You'll learn from highly qualified educators and researchers who hold terminal degrees from some of the world's most prestigious academic institutions.

The University of Missouri–St. Louis provides the knowledge, resources, tools, skills and support students need to be successful in our programs. Our comprehensive student support services include workshops, tutoring and career services to help you develop skills and strategies to be successful in the classroom and beyond. UMSL welcomes transfer students and our transfer specialists will assist you with getting the most transfer credits possible. We're also committed to increasing access to higher education, and as such, UMSL is consistently ranked number one in affordability in the St. Louis region.
